# Our Products

Discover Peimar's Made in Italy photovoltaic modules, where innovative design seamlessly blends with top-notch efficiency.

## The design

The Italian character is reflected in the refined design of Peimar modules, imparting a timeless elegance to each module. The pursuit of aesthetic perfection never compromises performance; instead, it translates into a harmonious balance adaptable to any architectural setting. Peimar modules are not just sources of sustainable energy; they are true design elements that enhance the spaces in which they are installed.

## Made in Italy

Peimar photovoltaic panels are proudly Made In Italy; every step along the manufacturing process, from the selection of the materials, to the assembly and packaging of final products, takes place at our Brescia plant.

Made In Italy

### SM330M (FB)

330 W

1665 x 1002 x 40 mm

### SF350M (FB)

350 W

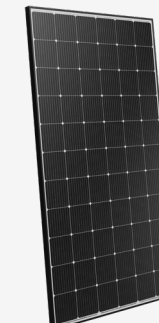

1730 x 1048 x 40 mm

### SF400M (FB)

400 W

1900 x 1048 x 40 mm

### SF400M (BF)

400 W

1900 x 1048 x 40 mm

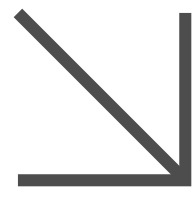

### SF430M

430 W

2071 x 1048 x 40 mm

# Our Warranty

We offer an unique system for the production and energy management

Peimar photovoltaic modules are covered by **QBE Insurance**

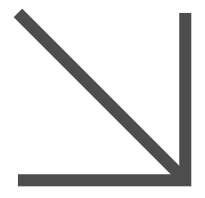

with a comprehensive policy to protect the customer in case of damage caused to third parties by product defects. The policy was stipulated with QBE Insurance Group, one of the world's leading insurers and reinsurers, which provides insurance coverage in more than 150 countries.

Our module **Warranty**

**Made In Italy**

- 30 year linear power warranty
- 30 year product warranty

# Support

When it comes to our products,  
**we've got your back**
