

/// PEIMAR

Who we are

Peimar, serving renewable energy worldwide

Founded in **2007**

Today recognized as a **manufacturer of high-efficiency photovoltaic modules**

Automated processes and **rigorous quality controls**

Technology, production and international development

Our commitment

The principles that guide us

Energy

Shared passion

Innovation

Continuous research

Sustainability

Responsible growth

Peimar over time

A growth journey built over time, shaped by vision, industry and global markets

A dynamic team

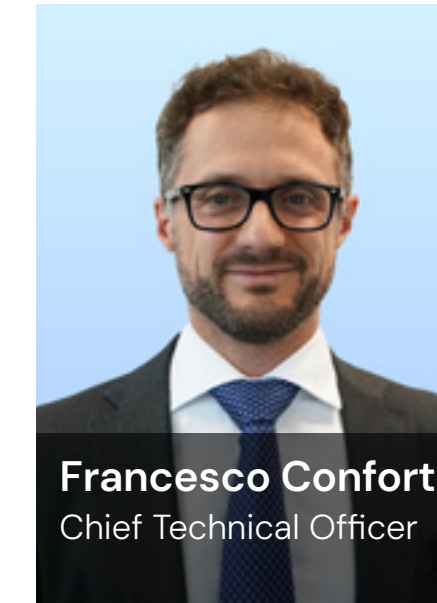

An organization that grows together

+100
Professionals

10
Locations worldwide

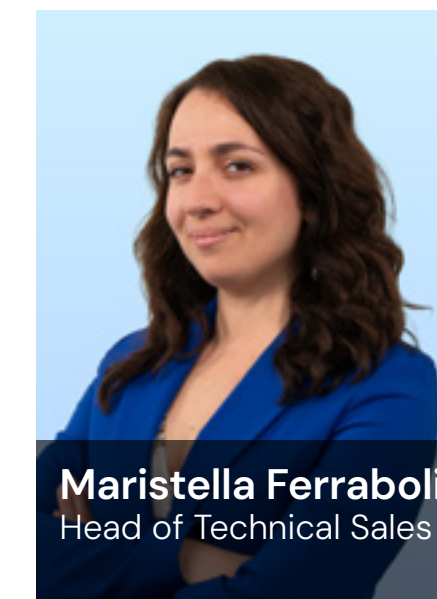

Marco Casale
CEO | President

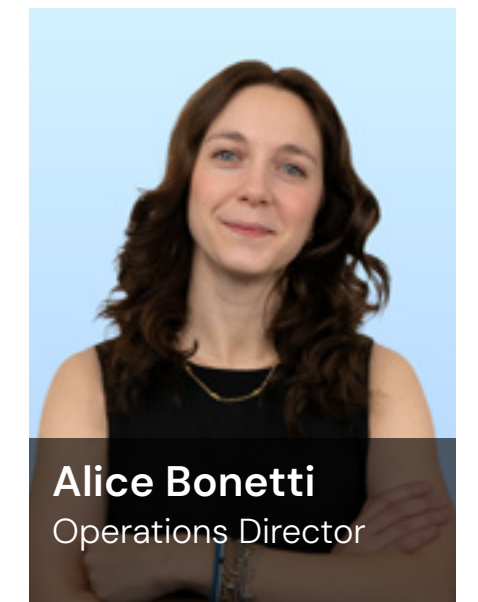

Francesco Conforti
Chief Technical Officer

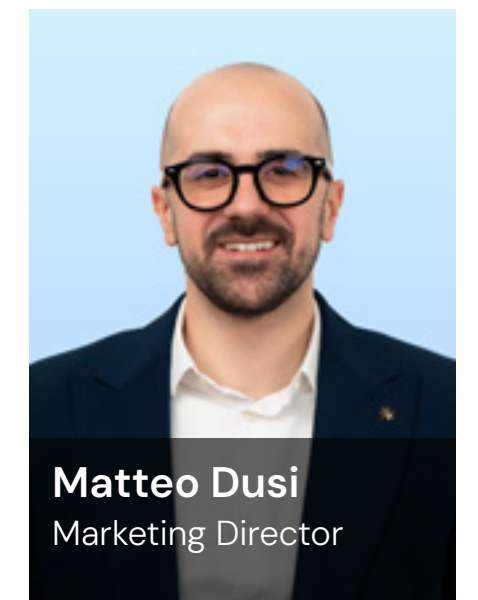

Luigi Di Bisceglie
Factory Director

Head of Technical Sales

Alice Bonetti
Operations Director

Matteo Dusi
Marketing Director

Peimar worldwide

An international presence
built over time

_____ The Peimar team

Global sales network

A shared operating model, working
alongside our customers

Support
Ongoing consultancy

Relationship
Shared trust

Proximity
Direct contact

Continuously evolving production

Quality verified at every production stage

1. Cell dimensional testing
2. Pre-lamination visual inspection
3. Pre-lamination electroluminescence testing
4. Ground insulation measurement
5. Flash test
6. Final electroluminescence testing

An Italian **gigafactory** on a global scale

Over 1.5 GW of production capacity

Brescia, **Italy**

Zhejiang, **China**

Dubai, **United Arab Emirates**

Logistics

An integrated logistics network supporting a global presence

Strategic warehouses

Fast response times

Supply **continuity**

Flexible delivery solutions

Central coordination with **local** support

Italia

Dubai

United Arab Emirates

Panama

Panama

Houston

United States

Somerville

United States

Montreal

Canada

Chennai

India

Dunstable

United Kingdom

Our offering

Photovoltaic solutions designed to last

High-efficiency **photovoltaic modules**

Inverters and energy storage systems

Qualified technical support

Remote monitoring

Long-term support

Quality
Reliability
Experience

Thank you
for your attention
