

A 3D map of the world rendered in a light blue color. The map is centered on Europe, which is highlighted with a bright, glowing light source, suggesting a sun or moon. The map shows the outlines of continents and countries with a slight relief effect. The background is a textured, light blue surface.

About us

About us

Italian manufacturers of photovoltaic solutions.

- with branches spread over several countries.
- An annual production capacity of 500 MW.
- Over 100 professionals in the field

/// PEIMAR

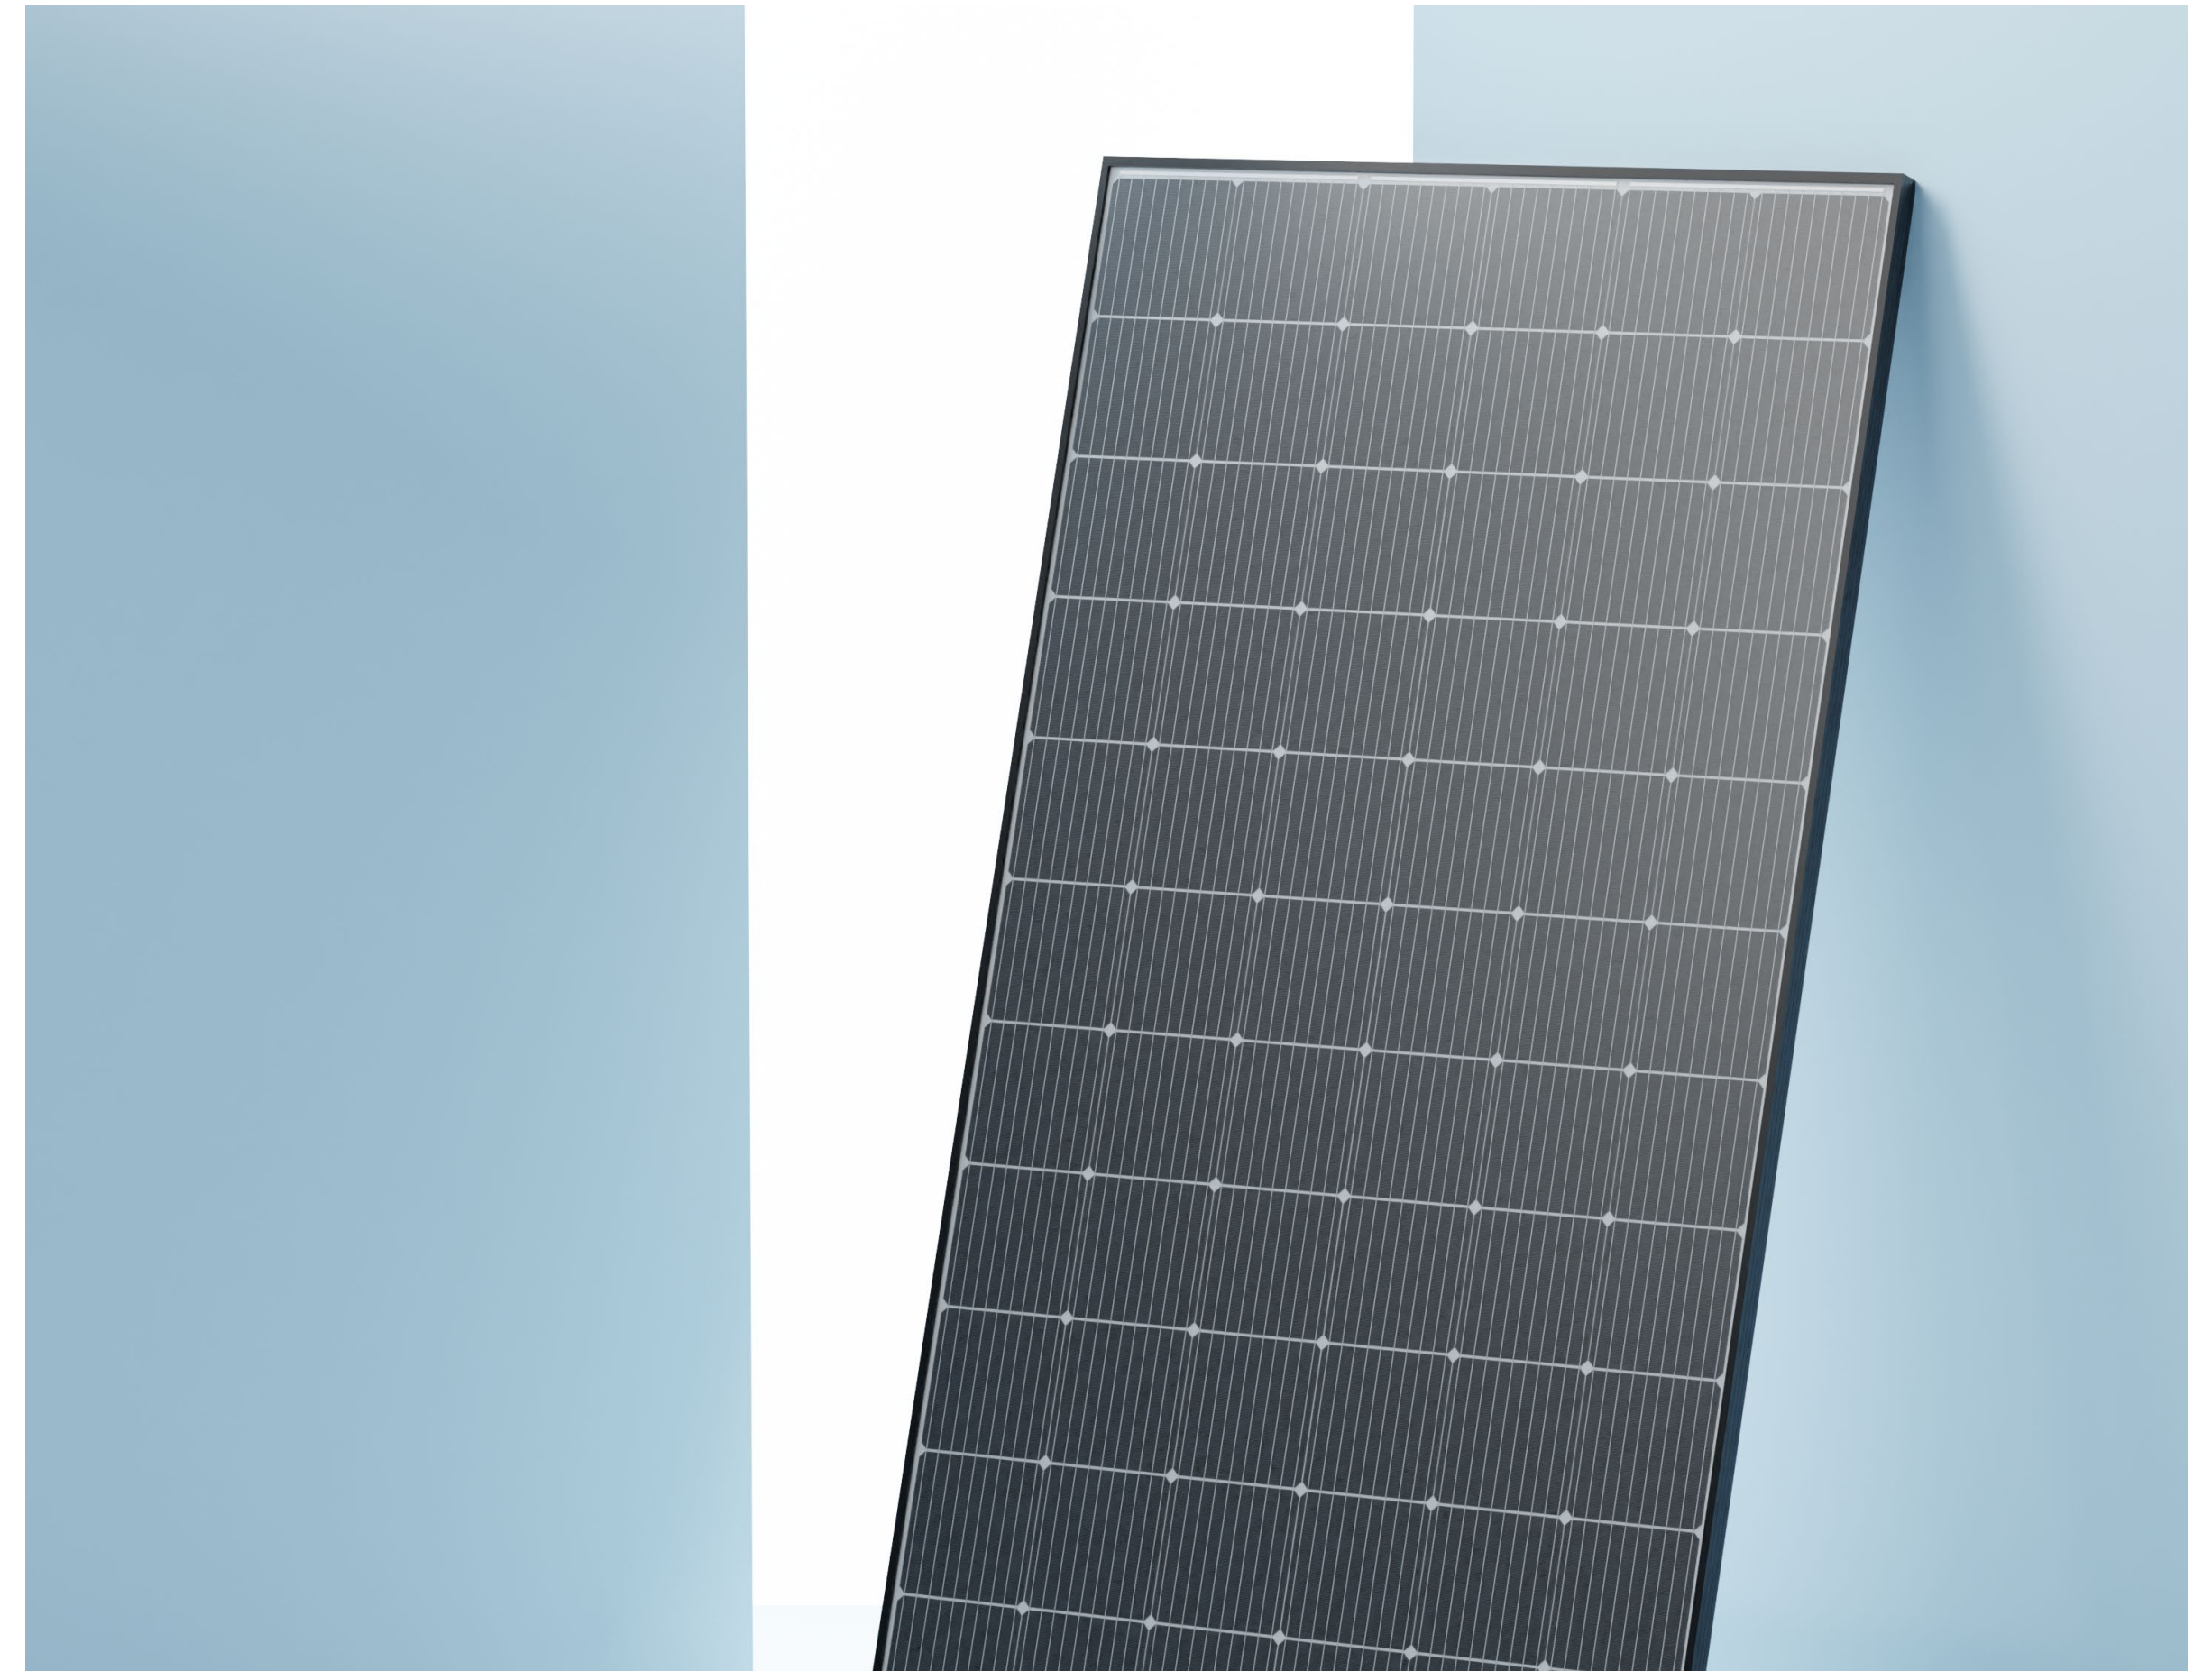

Our Photovoltaic Modules

Peimar modules include different lines with different characteristics, but all have in common the **highest standards of quality and efficiency**.

Peimar modules undergo strict tests and controls to achieve the highest standards of quality, performance and resistance.

Italy

7 kW

19 modules from the "S Series"
with a power of 360 W

SF360M (FR)

Albania

305 kW

Modules from the "OR Series"

/// PEIMAR

Switzerland

1.1 MW

Modules from the "OR Series"

References

South Africa

1.2 MW

"Made in Italy" modules

Canada

90 kW

212 modules from the "S Series"
with a power of 430 W

SF430M

References

Tunisia

8 kW

14 modules from the "OR Series"

References

Nicaragua

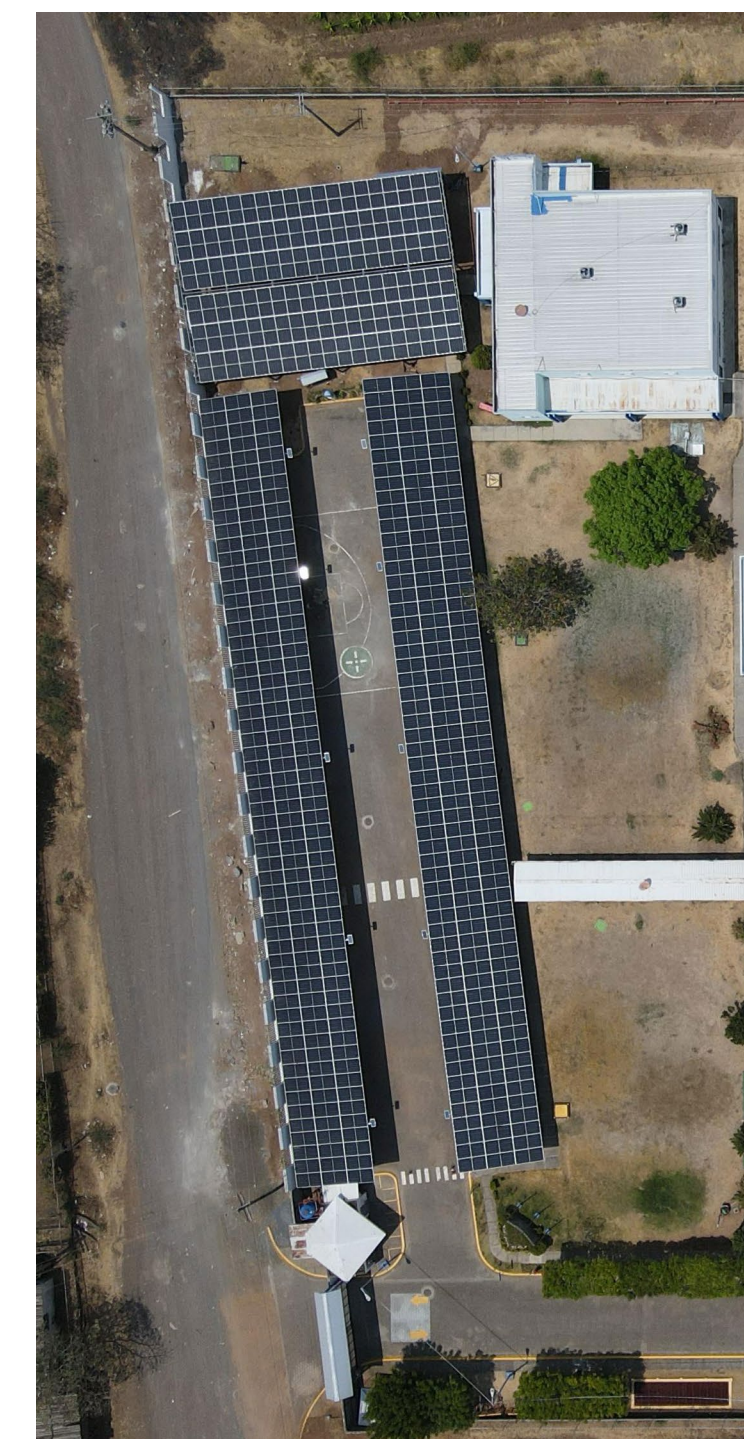

250 kW

456 modules from the "OR Series"
with a power of 545 W

OR10H545M

/// PEIMAR

Moldova

240 kW

Modules from the "OR Series" with
a power of 550 W

OR10H550M

References

/// PEIMAR

Iraq

60 kW

108 modules from the "OR Series"
with a power of 560 W

OR10H560M

References

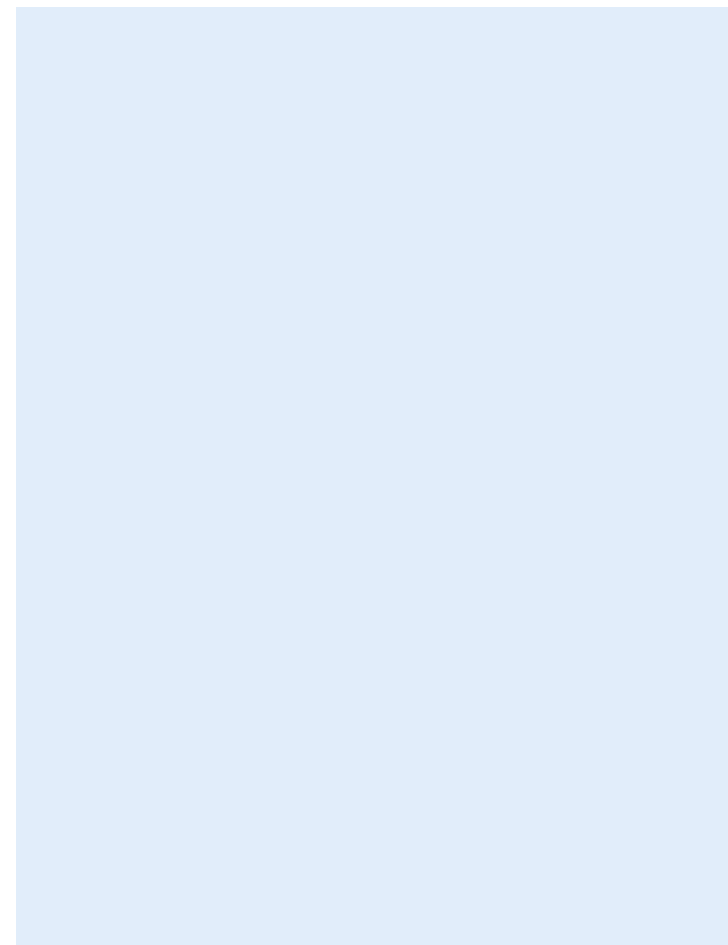

Moldova
